Lyrics :

You were alone, left out in the cold

Clinging to the ruin of your broken home

Too lost and hurting to carry your load

We all need someone to hold

You've been fighting the memory, all on your own

Nothing worsens; nothing grows

I know how it feels being by yourself in the rain

We all need someone to stay

We all need someone to stay

Hear you, falling and lonely, cry out:

Will you fix me up? Will you show me hope?

At the end of the day you were helpless

Can you keep me close? Can you love me most?

You've drunk it down and you've spat it out

And nothing tastes like the things you had

So turn it off, why don't you let them go?

We all need someone to stay

We all need someone to stay

Hear you, falling and lonely, cry out

Will you fix me up? Will you show me hope?

At the end of the day we're helpless

Can you keep me close? Can you love me most?

Can you keep me close? Can you love me most?

Can you keep me close? Can you love me most?

You were alone, left out in the cold

Clinging to the ruin of your broken home

You were falling and lonely, cry out:

Will you fix me up? Will you show me hope?

The end of the day and we're helpless

Can you keep me close? Can you love me?

Hear you falling and lonely cry out:

Will you fix me up? Will you show me hope?

At the end of the day we're helpless

Can you keep me close? Can you love me most?

Can you keep me close? Can you love me most?

Can you keep me close? Can you love me most?
