

Song : Dean Lewis - Be Alright

Released : 29 June 2018

Description : "**Be Alright**" is a song by Australian singer and songwriter Dean Lewis. The song was released in June 2018 as the lead single from Lewis' debut studio album, *A Place We Knew*. It reached number one and is certified 10× Platinum in Australia and multi platinum worldwide, including 5× Platinum in the United States

Lyrics :

I look up from the ground to see your sad and teary eyes
You look away from me
And I see there's something you're trying to hide, and I
Reach for your hand, but it's cold, you pull away again
And I wonder, what's on your mind?

And then you say to me you made a dumb mistake
You start to tremble and your voice begins to break
You say the cigarettes on the counter weren't your friends, they were my mates
And I feel the color draining from my face

And my friend said
"I know you love her, but it's over, mate
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be alright"

So I still look back at all the messages you'd sent
And I know it wasn't right but it was fucking with my head
And everything deleted like the past, yeah it was gone
And when I touched your face, I could tell you're moving on

But it's not the fact that you kissed him yesterday
It's the feeling of betrayal, that I just can't seem to shake
And everything I know tells me that I should walk away
But I just want to stay
And my friend said

"I know you love her, but it's over, mate
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be okay
It's gonna hurt for a bit of time
So bottoms up, let's forget tonight
You'll find another and you'll be just fine
Let her go"

Nothing heals
The past like time
And they can't steal
The love you're born to find

But nothing heals
The past like time
And they can't steal
The love you're born to find

"I know you love her, but it's over, mate
It doesn't matter, put the phone away
It's never easy to walk away
Let her go, it'll be okay
It's gonna hurt for a bit of time
So bottoms up, let's forget tonight
You'll find another and you'll be just fine
Let her go"

It'll be alright
It'll be alright
It'll be alright
It'll be alright
It'll be alright
